#### ABOUT THE SERIES

ministeps® are made especially for very young children gaining their first experiences with books and toys. The products in the ministeps® program are uniquely designed to correspond to the physical, mental and emotional abilities of babies and very young children, ranging in age from infants to 36 months.

#### CONTENT

Every page of this atmospheric bedtime book depicts a different sleeping situation, offering young children many opportunities for identification and with it, inspiration for conversations between parents and children.

Text and images of the bedtime scenes have been realised with a sense of humour, drawing directly from children's experiences.

The short rhymes invite children to recognise them and speak along and prepare them for bed in an age-appropriate manner. These bedtime rhymes will soon become an important companion and a favourite evening book for all ages.
