ABOUT THE SERIES

Leonie is seven years old and has two very special friends who live on her grandma's balcony: Mucke and Luna are butterfly pixies. Leo learns that when she eats a special pea, she becomes a tiny pixy herself, and she can fly. Together the three friends experience all kinds of fun, adventure, and challenges.

CONTENT

Leonie and her friends the butterfly pixies discover that the forest pond is full of garbage. Who is responsible for this? After suspecting the wrong person at first, Leonie joins forces with Florian and his butterfly pixie to find the actual culprits and teach them a lesson.

When they set off to find magic shrinking peas growing in the forest, Leonie and her two butterfly pixie friends instead discover that the pond is full of garbage. At first they suspect their neighbor, Florian, and nearly injure the butterfly pixie living in his bonsai tree while attacking him. He is not the culprit, however, so they join forces and lie in wait for the group of young people who have been creating such a mess. They devise a clever plan to scare the teenagers away from the forest pond forever.
