ABOUT THE SERIES

Leonie is seven years old and has two very special friends who live on her grandma's balcony: Mucke and Luna are butterfly pixies. Leo learns that when she eats a special pea, she becomes a tiny pixy herself, and she can fly. Together the three friends experience all kinds of fun, adventure, and challenges.

CONTENT

What is wrong with the bees? They are not collecting pollen anymore and the honey supply is running low. The beekeeper is mystified. The only solution is for Leonie and the butterfly elves to have a look around inside the beehive. It turns out that a pesticide a nearby farmer is using doesn't agree with the bees. The queen bee is desperate and asks Leonie to help them. Can Leonie and her friends convince the farmer to change his ways?
