A complete adventure is related in each volume, with lots of heart and humor.

### CONTENT

An important and very difficult potions exam for the strict teacher Rosamond Silvertears is coming up. Amanda's friend Nelly just can't keep the ingredients straight. When the potion is mixed incorrectly, it's a disaster - or the beginning of an exciting adventure.

During the potions test, Nelly turns herself into a grouchy troll for a short time. When she is captured by a horde of grumpy trolls in the forest a while later, she has to depend on her friends for help. They try to free her, but end up in trouble themselves. Nelly, however, has learned the trick of turning oneself into a troll and can fool the real trolls. Together the four friends escape and return to school, where Professor Silvertears transforms them back to their original form.
