ABOUT THE SERIES

The wild Uff lay down for a short nap 66 million years ago, and just woke up again. Now it has all kinds of crazy ideas, and is creating all kinds of chaos for the Peppel family.

CONTENT

When Lio Peppel finds a furry little prehistoric creature with a big mouth, he naturally takes it home. But keeping his new friend at home isn't so easy: Uff lights campfires in the living room, eats the good china, and decorates the school cafeteria with cave paintings. Lio is thrilled, but his parents and a mean professor soon take notice and want to get their hands on Uff. Lio and his classmate Lotta, who has a secret crush on Lio, hatch a plan to make it look like Uff has died in an explosion in the professor's laboratory, while Uff is actually happily turning somersaults in the Peppel's bathtub. Uff has found his new home!
