#### ABOUT THE SERIES

A big farm near a small city, with a large, beautiful lake nearby. The parents of the main characters are siblings or related by marriage. This organic farm complex also has a farm shop and space for animals to live out their last days, and visitors can come experience their holidays on the farm.

#### CONTENT

Mai's dad receives an extraordinary birthday present: a goat named Zicke. Zicke is so smart that the children of Cornflower Farm sign her up for a research project and make plans for a goat adventure farm. Mai isn't happy with her new classmate at all. This girl, Püppi, is boasting about her mom, a writer of young adult novels. And Sofia falls for it and tells Püppi about all the adventures on Cornflower Farm. When, on top of that, Mai's teacher believes her essay about Zicke is fabricated, Mai is offended – and simply takes Zicke to school with her as proof!
