The Sunshine Ranch is a paradise for Sina, Tori, Myriam, Hannah and Juliana - the girls, who love animals, spend every free minute they can at Sue's ranch. But obviously there is somebody who wants to destroy this paradise... A enthralling story combining horses, mystery and love.

ABOUT THE SERIES

Sina, Tori, Myriam, Hannah, Ayla and Juliana meet each other every free minute they can at the Sunshine Ranch, a paradise for horses and other animals run by Sue, a former actress. The friendship between the girls at the barn and their love for the animals is put to the test when strange events and underhanded scheming come into play. This series with its potent combination of horses, mystery and love launched with two titles in Fall 2012 and continues with two more in 2013.

CONTENT

The girls at the barn are worried: someone has anonymously filed charges against the Sunshine Ranch and seems determined to do everything in their power to make life difficult for the ranch's owner, Sue. The feed suddenly goes bad, the donkey escapes and runs away for no apparent reason, birds and ducks are poisoned... Sue is beside herself and even talks about giving up the ranch. Together the girls Sina, Tori, Myriam, Hannah, Ayla and Juliane decide to follow the suspects. Sina is supposed to get as much information as she can from Victor, who left the ranch after a riding accident in summer. When Sina returns to the ranch in the evening, she finds Sue unconscious in the stall of a dangerous horse. When she calls out for the riding teacher, Mike, to help, he turns out to be the villain. A fanatic fan of the former actress, for months he had bothered Sue with emails, stalked and even threatened her.
