ABOUT THE SERIES

For nine-year-old Violet, there is no better place than her Auntie Abigail's flower shop in a small British town. Both of them share a special gift: With the aid of a book of ancient flower recipes that only Violet and her aunt can read, they use flowers to heal and help people. Over the course of the series, Violet is being introduced to the secret flower magic. In each self-contained volume, she solves a major problem, though of course not without a few hiccups. Her friends, twins Jack (Jaqueline) and Zack, everyday life at school and cheeky animals play important roles as well.

CONTENT

In this Magical Flower Shop book, two of Violet's favorite teachers decide not to get married after all, but Violet is sure someone must be interfering, and she won't rest until the lovebirds are reunited!

Violet can hardly believe it: her favorite teacher, Miss Hedgehog, and her math teacher, Mr. Bachelor, have called off their wedding? That makes no sense; they love each other so much! Violet wonders if someone is trying to get between them, but who could be so mean? Violet and her friends Jack and Zach will do everything in their power to make sure the wedding takes place as planned, and receive unexpected help from a four-legged friend.
