ABOUT THE SERIES

Large, sturdy sliding elements integrated into the interactive board books in this series invite toddlers to take an active role in discovering various aspects of their environment.

CONTENT

The tom cat Kuno gives young readers a tour of his farm, where they explore the vehicles and animals that live there. Five large, sturdy sliding elements invite toddlers to move them and bring the scenes to life: the chicken pulls a worm out of the ground, the cow eats fresh grass, and the baler makes lovely round balls of hay.

THE AUTHOR

Sandra Grimm began her career as an editor and is now a freelance author. Her background as a certified teacher offers a sound basis for her books for children and teenagers. She has three young children with whom she can test all her fun ideas.
