### ABOUT THE SERIES

Large, sturdy sliding elements integrated into the interactive board books in this series invite toddlers to take an active role in discovering various aspects of their environment.

### CONTENT

The pigeon Theo guides young readers through town, where they encounter lots of different vehicles that are underway every day in the city. Five large, sturdy sliding elements invite toddlers to move them and bring the scenes to life: the ladder on the fire truck is extended, the excavator shovels sand, and people get off the bus at a bus stop.

### THE AUTHOR

Sandra Grimm began her career as an editor and is now a freelance author. Her background as a certified teacher offers a sound basis for her books for children and teenagers. She has three young children with whom she can test all her fun ideas.
