ABOUT THE SERIES

An interactive approach to books: one title - many different stories! Because the readers themselves are the heroes in these stories, they are very likely to identify with them. The Thousand Dangers books have long been among the most successful titles in Ravensburger's program. The series will be continued with two new books every year.

CONTENT

Readers are granted the once-in-a-lifetime opportunity to travel back in time with a research team – into the mysterious and dangerous world of the dinosaurs. Now you must decide: will you take the risk and go on the adventure, or would you rather devote yourself to the study of less hungry fossils in the present?
