Interactive adventures allow the reader to determine what direction the story will take, giving kids a greater stake in the outcome

ABOUT THE SERIES

An interactive approach to books: one title - many different stories! Because the readers themselves are the heroes in these stories, they are very likely to identify with them. The Thousand Dangers books have long been among the most successful titles in Ravensburger's program. The series will be continued with two new books every year.

CONTENT

Eleven-year-old Tom lives in New York and is trained in a variety of special skills: among many other feats, he is capable of running up smooth walls. Now his best friend Jamie has a dream: participating in the Christmas App of 1000 Dangers. 24 children and teenagers from all over the world will be selected for this game; they will receive the Christmas App and can then participate in the challenge from December 1 to 24. The winner will receive one million dollars.

Arduous tests await them, in which they will need to prove themselves. After events in Sweden, Hong Kong, India, Siberia and Kenya, the finale will be held in the Christmas Islands. During the challenge, Tom finds out that the organisers are playing a double game. And when he wants to drop out, they try to kill him.

But the friends stick together against the organisers of the game, and in the end, they can celebrate Christmas after all. After all the excitement, Christmas ends up being really cosy: with cookies, happy friendships and happy families.
