In this incredibly popular fantasy romance series, first published on Amazon, Jo must figure out what her unexpected ability means and who she really is.

CONTENT

Following Adrian's revelation, Jo tries to learn more about the secret fraternity he is involved with. Finn helps her and a friendship develops between them. Together they look for her mother's missing diary, where Jo hopes to finally find some answers. But instead of clarity, Jo soon has even more questions: What kind of a key is the fraternity frantically looking for, and does she really have it? And what about Adrian? Is he truly her enemy, or should she trust her heart instead?
